Contra Costa County
1% Manual Tally
February 5, 2008 Presidential Primary

Pursuant to Elections Code 15360, Contra Costa Elections Division conducted a 1% manual tally of precinct results for the February 5, 2008 Presidential Primary Election. Notice of the drawing of precincts was given by press release and posting in the office lobby one week prior to the election.

The random selection of precincts was conducted in the Elections Division lobby on Monday, February 11, 2008 at 9:00 am. Ten sided dice were used to select the precincts to be fully tallied. Disks containing precinct numbers were drawn from a container to select additional precincts for local contests not represented in the 1% selection.

Votes cast, which were reported in the semi-final official canvass on election night, were tallied for the precincts selected; this included both precinct ballots and vote by mail ballots. A preliminary canvass report (statement of vote) by precinct was available to the public the day after the election for review or purchase.
